It kicks ass. And no, it's not just a GTA3 engine spruced up with a new map, soundtrack and theme. It is oh so much more.Vice City is set in the glamorous '80s--key words: Miami Vice. Oh, I guess Scarface also had some influence here (then again, that's obvious from every game in the GTA franchise). The good part of this is most of us can relive some of those wonderful years of our lives where we still feared the big "red" threat, Reaganomics still worked (sort of) and cocaine was the drug of choice. For the most part, Vice City relies heavily upon the GTA3 engine to run everything. However, there are several improvements worth noting. First of all, there are no longer myriad viewpoints to choose from. It would appear that the classic, top-down perspective and the cinematic view weren't necessarily the most favored views.Also, there are more weapons to choose from, but they're classed, meaning that if you're holding a hammer, then you have to drop it in order to get the chainsaw, or if you have the flamethrower, you need to drop it in order to get the minigun. Handheld weapons include the classic baseball bat, a hammer, machete, meat cleaver, screwdriver, katana and the mighty chainsaw (the only thing that would make this better is if you could don a hockey mask along with the chainsaw). There are also a couple of revolvers, a semi-auto handgun, an Uzi, MAC-10, a TEC-9, a police baton, remote-detonated explosives, a minigun, an automatic shotgun, a rocket launcher, a laser-guided sniper rifle and more.Another cool aspect of Vice City is your character Tommy can change clothing throughout the game. Also, when you have enough money in your pocket you can purchase buildings (a.k.a. save points). This is helpful, because sometimes it's pretty tough to get back to the original save point when you've got something like four stars on your wanted level. Speaking of which, the po-po has gotten considerably smarter in this iteration of GTA. My god, it's almost as if they want to catch you, but are trying to save their own asses, too. Weird...Of course, the most important thing in Vice City is that you now have access to motorcycles and the ability to fly helicopters and airplanes. Quite frankly, the motorcycles are the best addition to the game. First off, you can fire in all directions from the motorcycle when committing a drive-by. You can also stand up on the bike and pop wheelies. A good side effect of the motorcycles is crashing them. Somehow, there's something diabolically satisfying about crashing a motorcycle and watching Tommy flip and flop down the road, ending in a sickeningly disfigured heap at times.While Vice City is a vast improvement on its predecessor, it does not stray too far away from the formula that made GTA3 such a hit. Roaming about aimlessly is still just as rewarding as completing all of the missions. There are enough hidden little treasures throughout the game that make it rewarding to do more than just play through the entire plot.And speaking of playing through, there's a lovely little golf course where you can steal golf carts and beat people with their own golf clubs. There's an addition to the side missions (i.e., vigilante police car missions), where you deliver pizzas. Yep, the glorious career of all coming-of-age '80s teen movies has made its way into Vice City.So here's the low down. Vice City must be a part of your collection. If you don't have a PS2, then you're quickly falling into the minority. Oh yeah, GTA: VC will not come out for PC (or any other platform for that matter) until 2004. Other than that, the only drawback to Vice City is that the day needs an extra hour or two. One last thought: In the first Grand Theft Auto, there were three cities: Liberty City, Vice City and San Andreas. Does this mean a GTA: San Andreas is coming out?Share on FacebookShare on Twitter Grand Theft Auto: Vice City (GTA Vice City) is the fourth game released in the Grand Theft Auto series of games and, despite having been released back in 2002, it is still one of the most popular games in the series. This page includes a list of walkthroughs, cheat codes, and Easter eggs to improve and expand your gameplay. These cheats and codes detailed are for the PC version of the game only. In addition to these cheat codes, there are also links to video walkthroughs and cheats for other platforms. Video walkthroughs are a great tool if you're stuck on a certain mission or boss fight; the Grand Theft Auto: Vice City walkthrough videos offer some good tips and advice for making it through the missions in the game. For desired effect, enter the GTA Vice City cheat code listed in bold any time during game play. If a cheat is enabled, re-entering the code will disable it. Some of the GTA Vice City cheats cannot be disabled once enabled. GTA Vice City Health & Weapons Cheats Enhance strength, power and protection. Car Name How to Get BP/DP/EP/FP/PP Admiral This car is bulletproof, dent-proof, explosion-proof, fireproof and has puncture-proof tires. To obtain this car, you must steal it from Diaz during the Guardian Angels mission. To do this, shoot all Haitians and allow one to escape. Diaz will leave car doors unlocked so you to enter. A variant of this car with locked doors is also available. In the same Guardian Angels mission, shoot all Haitians and then snipe Diaz in head while he is sitting in the car. Romero's Hearse To obtain this car, shoot the hearse enough to make the driver run away but not enough to blow it up. It can them be taking to garage. This is done in Avery's Two Bit Hit mission. Love Fist Limo This limo is available during the Love Fist missions, complete mission and you'll be able to save the limo. Spand Express This truck is available in the Jury Fury mission and can be stolen after it has smashed into a car during the mission. BP/PP/EP Sabre Turbo The bulletproof, fireproof, and explosion-proof Sabre Turbo car is available during the Malibu The Driver mission. There are multiple ways to obtain this car, but the most common is to finish the car race next to the Sabre Turbo. The driver, Hilary, will disappear and the car can be pushed back to the garage to unlock the doors. FP/PP/LD Banshee, Cheetah and Infernus The fireproof, puncture-proof tires and locked doors version of the Banshee is available in the Terminal Velocity mission as well as all street races. To obtain this car, you must finish the race next to the Banshee, then shoot at the driver to make him flee. This method can also be done to obtain the Cheetah and Infernus cars as well. If you are using other systems, we have GTA Vice City cheat codes for the original Xbox or GTA Vice City cheat codes for PlayStation 2. Cheat codes are also available for other games in the Grand Theft Auto series, including Grand Theft Auto 3 and Grand Theft Auto San Andreas. Have friends who play on PSP?
