Follow us @googlephotos Get the Google Photos app Google Photos works for you. You can sync your library and favorites during setup and your photos will automatically upload to the app. Easily revisit your favorite memories. With machine learning, your top shots are curated for you so you can share them with the people who made those moments special. Your photos and documents are automatically organized, so you can spend more time enjoying your memories and less time arranging them. Automatically group similar photos together with Photo Stacks. Documents are sorted into albums, like screenshots, receipts, notes, and more. Everything you add to Google Photos belongs to you, and you can always delete or export your content. How much storage do I get for my photos and videos? Every Google Account comes with 15 GB of storage for Google Photos, Gmail, and Google Drive. You can also buy more storage with a Google One membership plan. How do I back up my photos and videos? You can automatically save your photos and videos to your Google Account when you turn on backup. You can enable backup while setting up your Photos app or if you go to the Settings page and turn backup on. You can also manually backup your photos. Learn more about the benefits of backup. How can I share my photos? You can share photos, videos, albums, and highlight videos with any of your contacts, even if they don't use the Google Photos app. Simply tap the "Share" button and you can send photos directly to existing Google Photos users or tap "Share to" to share with your contacts, share in your everyday apps, create a shared album or create a direct link to that photo. Learn more about how to share your photos and videos. How do I search for my photos? You can easily search your photos and videos for anything. For example, you can search by places you've traveled, your pet, your favorite foods and more. To more easily search and manage your photos, you can apply a name to people or pets that appear in your photos. Learn more about Face Groups and how to search your photos. Back up your life's memories on all your devices. Scan for the Photos app Install any of the following browsers to use Google Photos. More about browsersGoogle ChromeEdgeFirefoxSafari
