Written by Judith McCrearyregia of Arthur W ForneyDarius Parker (Ludacris), it is tried to rape and murder of a woman with any mention of his fourteen months felt inadmissible. The case puts down from the media and also puts Munch and Stabler in disagreement. Novak continues the process that brings Stabler and Tutola, among others, at the witness counter. Many previous stories have been included in the process, as the drunk driving of the daughter of Stabler, Kathleen, and the illegal transfer of money by Benson to his half-brother, Simon Marsden (Michael Weston). It is also revealed that Kathy Stabler, Elliot's wife, is pregnant again. This episode provides some examples of: Absentee Actor: B.D. Wong (George Huang) sits out of the episode. Return to the final: Chester Lake returns and is transferred from Brooklyn's SVU to Manhattan's team. Even the brother of Olivia, Simon Marsden, returns The Bad Guy Wins: Darius is finally acquitted for the crime of him. Be careful what you want to: Darius causes Teresa telling him who her rapor (and father of her) is. When she does it, Darius has had a brief nervous exhaustion. Final: Darius is acquitted by the crimes of him, even if he has lost his cousin / nephew / brother forever that he has always been the only family of him, and so far he is excited by him. Elliot is forced to allow the arrest of his daughter Kathleen, but he and Kathy are officially back together and wait for another child. The only one that seemed to be in a bad situation is Captain Cragen, which was called by his superiors for suspension or something worse. Continuity Porn: Different, as Elliot has seeded Kathleen's arrest for drunk driving in the sixth season and Olivia gave money to his fussy paternal brotherhood at the beginning of the season. The episode itself is a call to Darius crime in the seventh season. Go Mad from the Revelation: Teresa warned Darius that she wouldn't want to know who she is her father. She was right. Intrepid Reporter: there is a lot of ferment regarding the Process of Darius Parker, and the protagonists had to face them during the episode. At the beginning of the episode he also led to Jerkass for Elliot. Karma Houdini: Darius eventually became acquitted, even if you see Pirro Victory. Karma Houdini warranty: the SVU unit guarantee expires in this episode. While they are protagonists who aggressively investigate sexual crimes, most of them did things that at best are immoral, in the worst case even criminals (Olivia sends money to the suspected brother of rapist, Elliot makes the daughter out for Driving while intoxicated, and the suspected activities of SIN under cover are the most significant). These accidents allow Darius Parker, who killed a woman and son of her, discredit their testimonies and To any punishment for a crime that has certainly committed. All SVUs (Salvo Munch) are punished after the conclusion of the process for their behavior. Parental incest: Teresa was raped by her father, and Darius Darius born from it. Victory pirhic: Of course, Darius was acquitted for his crimes, but is denied by Ken, the only family he ever had. The revelation: Teresa's kidnapper and Dario's father is finally revealed: he is Teresa's father. Sad battle music: Mark Isham's "touch sense" is played towards the end during Dario's absolution, Kathleen's arrest, Craguen facing his superiors, etc. I'm out of here!: Teresa never wanted to testify against Dario and be forced by all the main cast to respect. Season finale: the eighth of the show. Surprise Pregnancy: Kathy tells Elliot she's pregnant. As they are in their forty, Elliot is understandably shocked. Her family tree tangled: with the revelation about her kinship, Darius learns that her mother-in-law grandfather is also her father, her mother is also her sister, and her mother-in-law half-brother is also her nephew. Bad Broaddown: Darius after discovering his real kinship.
