Link to this page: Bold and daring enterprise, stubborn endurance of privation, unflinching intrepidity in facing danger, and inflexible adherence to conscientious principle, had steeled to energetic and unyielding hardihood the characters of the primitive settlers of all these colonies. There was thus no congeniality of principle between the Declaration of Independence and the Articles of Confederation. But they seem not to have been apprised of the sentiments of that great man expressed in another part of his work, nor to have adverted to the consequences of the principle itself to another place, as has been already mentioned, it will be sufficient to remark here that, in the sense of the author who has been most emphatically quoted upon the occasion, it would not militate against their being all comprehended in one confederate government. The House of Representatives will derive its powers from the people of America; and the people will be represented in the same proportion, and on the same principle, as they are in the legislature of a particular State. To give a higher idea of the principle I mean, as well as one more familiar to the present age; it may be considered as sitting on its throne in the mind, like the Lord High Chancellor of this kingdom in his court; where it presides, governs, directs, judges, acquits, and condemns according to merit and justice, with a knowledge which nothing can deceive, and an integrity which nothing can deceive which nothing ca pigeon. The meaning is, I believe, that in the human soul there is a better and also a worse principle; and when the better has the worse under control, then a man is said to be master of himself; and this is a term of praise: but when, owing to evil education or association, the better principle, which is also the smaller, is overwhelmed by the greater erroneous. DURING a shower of rain the Keeper of a Zoological garden observed a Man of Principles, which had drawn itself up to its full height to sleep. Vronsky's life was particularly happy in that he ought and what he ought not to do. I have never made much account of what has proceeded from my own mind; and so long as I gathered no other advantage from the method I employ beyond satisfying myself on some difficulties belonging to the speculative sciences, or endeavoring to regulate my actions according to the principles it taught me, I never thought myself bound to publish anything respecting it. From Middle English principle, from Old French principle, from Proto-Indo-European \*preh- (before); see also prince. principle (plural principles) fundamental assumption or guiding belief. Synonym: premiseWe need some sort of principles to reason from 2011 July 20, Edwin Mares, Propositional Functions, in The Stanford Encyclopedia of Philosophy, retrieved 2012-07-15:Let us consider my dog is asleep on the floor again. Frege thinks that this sentence can be analyzed in various different ways. Instead of treating it as expressing the application of is asleep on to the object analysis of natural language. We can attribute more than one logical form to a single sentence. Let us call this the principle of multiple analyses. Frege does not claim that the principle always holds, but as we shall see, modern type theory does claim this. A rule used to choose among solutions to a problem. The principle of least privilege holds that a process should only receive the permissions it needs. 2009 September 22, Reuters, F.C.C. Calls Open Internet Rules Vital, in The New York Times 1]: Mr. Genachowski proposed codifying the new principles issued several years ago by the F.C.C. They say that network operators cannot prevent users from accessing lawful Internet content, applications and services of their choice, nor can they prohibit users from attaching nonharmful devices to the network.(sometimes pluralized) Moral rule or aspect.Synonym: tenetI don't doubt your principles.You are clearly a person of principle.It's the principle of the thing; I won't do business with someone I can't trust.1837, L[etitia] E[lizabeth] L[andon], The Author and the Actress, in Ethel Churchill: Or, The Two Brides.[], volume III, London: Henry Colburn,[], OCLC, page 105:Laviniashrewd, careless, clever; ready to meet any difficulty, however humiliating, that might occur; utterly without principle; confident in that good fortune, which she scrupled at no means of attainingwas the very type of the real.(physics) A rule or law of nature, or the basic idea on how the laws of nature are applied. The Pauli Exclusion Principle prevents two fermions from occupying the same state. The principle of the internal combustion engine 2013 July-August, Sarah Glaz, Ode to Prime Numbers, in American Scientist, volume 101, number 4: Some poems, echoing the purpose of early poetic treatises on scientific principles, attempt to elucidate the mathematical concepts that underlie prime numbers. Others play with primes cultural associations. Still others derive their structure from mathematical patterns involving primes. A fundamental essence, particularly one producing a given quality. Many believe that life is the result of some vital principle. A chemical compound within plant or animal tissue that is characteristic of it and more or less peculiar to it, such that it defines the character of that tissue from a human viewpoint (as for example nicotine in tobacco).1845, William Gregory, Outlines of Chemistry: Cathartine is the bitter, purgative principle of senna. A source, or origin; that from which anything proceeds; fundamental substance or energy; primordial substance; ultimate element, or cause 1664, John Tillotson, Sermon I. The Works of the Most Reverend Dr. John Tillotson, Late Lord Archbishop of Canterbury:[], 8th edition, London: [] T. Goodwin, B[enjamin] Tooke, and J. Pemberton,[]; J. Round[], and J[acob] Tonson] [], published 1720, OCLC:The soul of man is an active principle. An original faculty or endowment. 1828, Dugald Stewart, The Philosophy of the Active and Moral Powers of Man: those active principle.
