The device also offers some guick and simple ways to reflect or transparency from your PC. Be to share a photo presentation, or to watch movies and local TV programs on a larger screen, there are many reasons why this is a very useful feature. Here's how to scroll from a PC to a Fescick Amazon! Stream from a Windows 10 PC to a FescickThere are some things you need to check before you can scroll from a PC to a Flarescick on Windows 10. Before you start, make sure the FOLSCICK is set correctly and that your PC and growk are on the same WIFI network. Press and hold the Home button until a menu opens on the screen. Select mirroring. You will now see a message that says "When this screen is open, devices for guests can wireless mirror their display A: (name) Ã ¢ â,¬ Ã c â,¬ Ã ¢ â,¬ Ã c â, see your flares listed if both devices are on the same Wi-Fi network. Click on the listed flarescick and should connect. You should now see your PC screen speculated on the TV that is connected to the FOLESCICK. Duplicate projection mode and fundamentally reflects everything that happens on your PC. This is ideal if you want to share something on a bigger screen but you don't need to use the PC. By default, Windows 10 even silenced any notification, so they don't open while you share something. Extend à ¢ â,¬ "This allows you to use the FESRESCICK and your TV as a second screen. It is the best option if you are looking to torrent from a PC to a process everywhere. Stream from a Mac to a firestickchere There is no direct way to reflect your PC or flow content from a Mac to a Fescick. There are some apps available on the Fescick that exploit AirPlay technology to allow screen mirroring. We will use the AirPlayMirror receiver as an example. Find the app on the App Store Flarescick. Go to the search section and type airplay. Click on the corresponding result and you will see a list of apps that support it. Find and click on AirPlay Mirror Receiver. Click Get to download the app. You will need to keep the app open to streaming from a Mac. On the Mac, go to system preferences. Select Display. Select A ¢ â, ¬ Å "Mirroring show options in the menu when available. There, â, The AirPlay icon will now appear in the menu bar. Open it and select your FIRCICK device. The airplay mirror receiver comes with a free 15 minute trial so you can see if it works for you. If you decide to buy it, it is a price of \$ 4.99. AIRBEAMTV is another option. You will need to download an app for the Mac even though, along with the Fire TV app. You also get a free trial here to make sure the apps are compatible with your devices. You can easily access videos and photos on smartphones, tablets and video streaming devices, including Amazon Fescens. Install the app on the growth (you can find it using the search function). Log in with your PLEX account. Make sure the. the. (Your PC) With the domestic multimedia server is turned on. Now you should be able to access all your content on the Fescick. The free version of Plex works really well. However, to get the maximum from Plex, you should also consider registration for Plex Pass. It offers a number of features as advanced audio features, live TV access, offline access to mobile devices, the possibility of adding more users, the option to allow parental controls and much more. This is for this quick look in some of the ways you can reflect or return to a PC to a Fescick Amazon! Like the Tostreamingamazon Fire Tablet courtesy of the producer will make your life much easier. This article was originally appeared on Housebeautiful.com. From your fire-fighting TV: Search and select Discovery Plus, then select Get. Alternatively, navigate to Amazon's App Store. Search and select Discovery Plus, then click Get App. Use your Amazon password to activate the app and subscribe if you don't have an account yet. This article explains how to get and install Discovery Plus on an Amazon Fire TV streaming device, including the fire stick, the fire of fire Lite, the fire-fighting TV cube and others. Discovery Plus has an official Fire TV application, and you can get it directly from Amazon. This means that you can get it directly to your fire-fighting TV. It is available directly to your fire-fighting TV device, and you can also get it from the Android App Store on the Amazon website. Since there is an official Discovery Plus application for TV fire, getting and installing works in the same way as installing any other Fire TV official app. You can get it directly on your fire-fighting TV device, as long as it is â € Apps & Games to access Amazon App Type Discovery Plus in the search field and press Enter or click on the magnifying glass. Click or Tap Discovery + in the search results. Click or touch the delivery for drop-down menu. Select the TV fire device on which you want to install Discovery Plus. Click or tap Get an app or delivery. If you have never installed this app first, see the Get app. If you have installed it in the past, you will see deliver. Selection of additional devices and e Delivery the queue again the app for installation on these devices. If the fire-fighting TV is turned on and connected to the Internet, the App queues automatically, download and automatically installs. Thank you for letting us know! Tell us because! Whether you have moved to a new city or you're ready to get more social in your current place, there is no reason to sit at home alone and hope that something comes. Thanks to some fantastic apps, you can find out what's going on in your area and go out there as soon as tonight to make friends, experience fantastic events and simply have a good time all around. Come on, that Netflix marathon can wait for next weekend. It's time to get up from the sofa and enjoy your area like never before. Whether you are planning an event or simply looking for one to participate, Eventbrite has covered you. Take a look at what others are promoted, see also what your friends are planning to do this weekend so you can tag tag. You can even buy tickets through the app that is free for iOS and Android. Only for iOS, now offers information about local events in (mainly) in real time. Basically, it makes it taking place from the accounts of the social media of people who are in that event and show images and other information from the participants themselves. Of course, you might find that some events are already finished because nothing is infallible, but if you are out and try to find a party, a concert, a festival, a tasting or practically anything else to do, now you'll find it for you inside And around your exact position. Available for iOS and Android, you can get in touch with people who are in nearby locations or plan to go to them that day. Plan a party or a Meetup in a local restaurant, club, bar or event. It's a great tool to make friends in a new city. As a local was built to be a travel app, but as it results, the people of the real place is using him more to find out what there is to do in their area. While it is not available in every city, you can buy guides to those you are interested in and using them to locate everything from restaurants and art galleries to parks and museums. The app is only available for iOS. Not just gob is a cold app to find things to do in your area, but you can synchronize it to your accounts on social media in order to create a more personalized experience for you. Or you can search manually by selecting the à ¢ â,¬ Å "things to do ... or à ¢ â,¬ "cold stuff near me today options. It is easy to use and is free for iOS and Android. Dostuff not It is still available for each city, but covers most large in the United States. If you are lucky enough to fall into that category, you love customization this app offers. Create a profile, view the events chosen by local influencers and order the options for category so you can only see those that interest you. It is available for both ios and android. face to face: few people are the right mood for a strong concert every night, but you don't want to spend every night softened in a cafeteria. Sauce lets you choose your local events and other things to do based on your mood. If you have children with you, you could select A ¢ â,¬ A "PlaytimeA ¢ â,¬ M "PlaytimeA ¢ â,¬ mood for Family options, or if you feel energetic, you can select  $\tilde{A} \notin \hat{a}$ ,  $\neg$  a "illy  $\tilde{A} \notin \hat{a}$ ,  $\neg$  showing your concerts, sporting events, bars and clubs. The app is free for both iOS and Android. Field Trip is an app created by Google that works as a background program while spending time in the city. While walking or go around, she presents you with fresh facts and information about the places you pass, including the events that take place there. Set it to be vague or specific as you prefer with details. The app is available for iOS and Android. If you what to do in your area, but only at Times you 're available. So there are no disappointments because you have a dentist appointment on the day of that Matinà © and to the local theater. Unfortunately for Android users, it is only available for iOS. Localmind not only allows you to look for things to do in your area, allows you to ask others that have been questions about the spot. If you want to know if a restaurant has a clothing code or if there is free WiFi at the museum, you will receive your answers in real time from other users. The app is free for iOS and Android. Android.
