Continents lesson plan for kindergarten

Give your children a basic introduction to the continents, countries and oceans with this curriculum designed for paramole and kindergarteners. The curriculum provides a number of information about each topic and includes educational music, as well as links for games and coloring pages. You should cover only one section a day. It will take 10 days to complete. Songday Continent 1: ContinatingsContinents are like large pieces of land. There are seven continents on Earth. Continents are called: Africa Antórtica Asia Australia Europe Northern South America Most continents have many different countries in them. A country is also a piece of land. But the countries are much smaller than the continents. Each country has its own government. The government makes the rules that everyone has to follow.Continents page for coloring Maps intro for continent children of WorldContinents and Oceansday 2: Continents and OceansContinents are like large pieces of land or terrestrial masses. There are seven continents on Earth. There are five oceans around the continents. Continents are called: Australia Australia Australia Australia Europe Northern South America The five oceans are called: The Pacific Ocean The Atlantic Ocean The Ocean Richo Ocean in the ndico The southern ocean countries are also pieces of land. They are smaller than the continents.Continents continents and oceans Game World Sognings World 3: What is a Paá? Continents are divided into small pieces called chaves called smaller countries. Do you know the name of your country? All the countries have something called a government. Governments make rules called laws. People have to follow the laws. You probably have rules in your home. What are some rules that you have to follow in your home? The countries always have a leader. Leader can be called President. King or Queen. What kind of leader does your country have? What is his name or her? Each country has a capital. Paá Leader usually lives in the capital. This is also where government members are re-enable to do laws. What is the name of the capital of your country? COMICATE WEARS SONGDAY 4: AFRICATHE CONTINENT OF THE FRICA has 54 countries. There is a huge desert called the Sahara desert. A desert is a place that gets very little rain. It has a great forest called the tropical Congo. A tropical forest gets many and lots of rain. A river named Congo passes through the rainforest. The Africa has another river named Nile. It's the Lower River in the World. It has a lawn area called savannah. Savannah is pasture. Very few trees grow on prairies. Giraffes, elephants, zebras and lions live in Savannah. The Africa also has many major cities. People in Africa speak many different languages. AFRICA Página Coloring African Candles Savana Sing-a-longentarctic Field Tripeday 5: AntÁrticaantaantática is a continent who has no PaÁ f. It is one of the coldest places in the world. People do not live here. Scientists remain for a while and live in places called bases. Scientists want to learn about the sheets of ice, animals and climate in the antagon. You've probably heard of the North Pole. It is also a place called South Pole. The southern podium is in anti-animal. Lots of animals live inside or around the anti-tride. Penguins, stamps and different types of birds live here. Whales swim in the water around the mainland. Astrica page to color photographs of the Day of Antórtica 6: Asiaisia is the largest of all continents. There are many countries. China and India are two of the countries of the SIA. The Gobi Desert is a huge desert in the SIA. There are many forests and jungles. The tigers are native asiactic animals. So, are asiactic elephants. The world's highest mountain is in the SIA. It is called Mount Everest and is part of a large mountain range called Himalayan. A mountain range has many mountains.Countries of Asia Songcountries of Oceania 7: Australia australia is a continent and a country. There are some islands that part of the Australia. An island is land that is surrounded by water. Two of the islands are Tasman and the New Guinea. Most people in Australia live in cities that are along the back. The back are where the ocean finds the earth. Few people live in the center of Australia. This area is called Outback. Outback is very dry. Kangaroos, Emus and Dingos live in Outback. A Dingo is a wild dog. There are ranchs or livestock farms and sheep inside. The city of Sydney has a famous builder called Sydney Opera House, where people can enjoy concerts and plays.Australian AnimaisCourtries of Europe Songday 9: Europaeurope has more than 40 countries. Some countries are very cold and some are very hot. Norway, Sweden, Finland and Islândia are in a area called Circle to Rtico. These areas are very cold. Italy and Spain are retime from the Mediterranean Sea and warm countries. Europe has temperate forests. These are forests that have seasons and decorated trees. Decuding trees lose their leaves every winter. Europe has many ancient castles. Some countries of Europe still have kings, queens, princes and princesses.Temperative forests of the Northern Americalearn over the North America AMERÁ © rica is composed of three major countries and many minor countries. The United States, Canada and Mexico are the great countries. Many small countries are in a area called Caribbean Mar.Parts from Canada and the US state in Alaska are in a very cold area called Circle to Rtico. Parts of the United States and Mexico are deserted land. The Chihuahuan desert is the biggest desert on the continent. A desert is a place that does not have much rain. Mississippi is a long river. I love the continents song.titilayo on August 30, 2017: I can not understand the knowledge to be derived from the information here. So informative and educational. My children and I would benefit a lot from this.Stella on June 27, 2017: Wow Joan, you are a God sent. KoForidua Children, a City in Ghana will have a great time learning about the world because of its generosity to share, we thank youJoanca (author) on 16 March, March, Kerlund74.kerlund74 of the Sweden on March 15, 2014: Excellent Hub with great structure and suggestions, I would be happy to try a little of this with my children. Voted and useful! Joonna (Author) on February 7, 2014: Thank you Vvanness. This is something I did for my own children because I had difficulty finding useful resources for younger children. Victoria Van Ness of Fountain, CO on February 7, 2014: Oh, I love it! I taught first year for seven years behind Texas. That would have been wonderful to have when I was teaching. :) The "TIMO article! Show a map of the world and globe and point the Seven Continents: Sia, Africa, North America, South America, Antórtica, Europe and Australia. An interactive activity to help children remember the names of the continents is to sing this music for the melody of "my dear, Clementine." Á ě á ě á ě "ÁfÁ Á AfÁ ě fÁ ě fÁ ě fÁ ě f" That children love to sing and clap, this activity teaches social development and elements of movement, as a rhythm in the "Continental Tãmpão" with ideas found in the Normal. Knowledge Sequence Program. This reinforces the names of the continents with another music of the type of drill. "The continents are seven lands, let's tell them as we hit our hands. Á ě fÁ ě fza . . CA, where the elephants, giraffes and lions live. (Like You call the continents, the children are going to beat each one's sorrabas.) Associate something found on each continent who will help children remember their location on the map or Globo. A is Africa. , Where the elephants, giraffes and lions live there. South America has tropical forests and one of the world's longest rivers, the Amazon River. The Northern America is where we live. Europe and Sia is together on the map, but Australia is an island where kangaroo and Koala Bear live. Antórtica A is much below, frozen and home penguins. Read the book, North American: true Books, continents, by David Petersen. Activity When teaching learning about my world unity: Continents, reinforce children in a circle and throw an inflating globe ball. As each child picks up the á ě ě ě ě "Globe Á ě á ě ě "™ and Le or she will say the name of a continent. Suggested Books Northern America: True Books, Continents by David Petersen The Seven Continents by Wil Mara Welcome to Northern Amen! In April Pulle Sayre This post is part of the SA © Rie: Learning About My World This Geography Unit Consists of a Séri of Adaptable Classroom Plans for Infiramation Garden until 3nd SA © Rie , focusing on the city, state, country, continent and planet. planet.
