Annual Implementation Plan: for Improving Student Outcomes

School name: Winchelsea Primary School

Year: 2017

School number: 2015

Based on strategic plan: 2016-2019

Endorsement:

Principal: Karen Turner

November 2016

Senior Education Improvement Leader: Deborah Smith

[Signed]

School co-ord: Greg Lenton

November 2016

Section 1: The school's Improvement Priorities and Initiatives

Report here the goals identified in the current School Strategic Plan and tick the Improvement Initiative/s that your school will address in this Annual Implementation Plan: for Improving Student Outcomes.

School Strategic Plan goals	Improvement Priorities	Improvement Initiatives
1. To ensure all students achieve high levels of learning and make at least expected growth in learning every calendar year.	Excellence in teaching and learning	Building practice excellence ✓
2. To develop and implement a consistent, whole school Instructional Model that actively engages all students in their learning.	Professional leadership	Curriculum planning and assessment ✓
3. To recognise and respond effectively to the individual well-being and needs of every student.	Positive climate for learning	Building leadership teams
4. To ensure that the school's resources are used effectively to achieve School Strategic Plan goals.		Empowering students and building school pride
		Setting expectations and promoting inclusion
	Community engagement in learning	Building communities

Improvement Initiatives rationale:

2015 School Review highlighted the below focus areas for improvement and in 2016 these initiatives formed the basis of our AIP to improve student outcomes. We will continue to focus on these areas in 2017

Achievement:

- To build a guaranteed and viable curriculum
- To build a whole school approach to using evidence and inform practice
- To build the capacity of every teacher

Engagement:

- Teachers need to know and understand high expectations
- Students to build ownership of their learning, set goals and be challenged
- Implementation of a whole school instructional model

Wellbeing:

- To ensure continued high levels of wellbeing for every student
- The building of strong family/school relationships with strong communication practices

Costs

COSTS	BUDGET	ACTUAL COSTS TO DATE
Enrollment Materials	\$5,000.00	\$3,000.00
Inks & Papers	\$300.00	\$300.00
Welcome Posters	\$600.00	\$600.00
TOTAL	\$5,900.00	\$3,900.00

Challenges

- The project team encountered the following issues since its last progress update:
- Freezing computer system, disabling the administration to input applicant information
 - Parents arriving late, prolonging the process

Recommendations

- The project team will take the following measures to address the problems above:
- Consult an IT technician to troubleshoot the computer system or upgrade the software.
 - Strictly impose enrollment schedule and instruct parents to come late to complete the process in a day.

ANNUAL REPORT 2013 - 2014

Praise the Lord, my soul;
all my inmost being, praise his holy name.

It is with immense gratitude and satisfaction that I present the Annual Report of the Sunday School 2014.

We had 34 students and 6 teachers during the current session. The students were divided into five classes based on their age. The Sunday School classes were held on all Sundays from 10.15 in the morning from March to December. From January onwards it had been changed to the previous timing of 12 O' clock. Children attended the worship service on the first Sunday of every month and no classes were held on that Sunday.

The curriculum we followed this year was the CEEFI curriculum and this year it was year 3 of the series. Every Sunday the morning assembly time was used for learning new songs and sharing their experiences of how Jesus was present in their lives during the past week. The remaining time was used for Bible lessons. The students were divided as Beginners, Primary, Junior, Intermediate and Senior classes. This year we had Ms. Suja Sara Koshy, Mr. Phil Z Mathai, Mr.Akshay Koshy, Ms. Ramole Joseph, Mr. Christopher Moothedom and Ms. Diani Mathai as teachers.

Sunday School students participated in all the activities of the Church through the year like Christmas Carol Service, Bishop's visit and also represented the Church at the St. Thomas Day celebration organized by the Kerala Christian Association.

Principal: Rick Bernallack Deputy Principal: Lausanne Cheers Assistant Principal: Robyn McLachlan Assistant Principal: Jacqui Bowen	
ANNUAL REPORT - 2015	
1.0 - INFORMATION	
The Department of Education and Child Development (DECD) requires sites to prepare an Annual Report for presentation to their community and the education system. This report highlights progress and achievements and provides a summary of planned improvement processes and future directions. A summary is also included of activities and special events. This 2015 Annual Report also provides the school community with information and data related to our achievements and our identified directions and priorities for 2016. Initial recommendations for 2016, detailed in this report are a key feature. In Term 1 2016, all stakeholders involved with aspects of governance will review the information in this report. We will develop and communicate what we plan to achieve during the 2016 school year.	
1.1 - CONTEXT	
Greenwith Primary School opened in 1994 with an enrolment of 67 students in a newly developed subdivision which was part of the Golden Grove Development. Over the past 22 years the school has grown considerably catering for students within Greenwith and surrounding communities. The school has developed a strong reputation in the area as an educational institution focused on quality teaching and learning. To manage enrolment pressure a zone was approved and has been in place for many years.	
The school is co-located with Our Lady of Hope Catholic School. Although many schools are co-located our arrangement is quite unique, as the two schools share a number of facilities including the Administration building; Teachers' Preparation area; Staffroom; Kitchen; Canteen; Resource Centre; Community Centre (hall); tennis courts and an oval. Both schools share the playground areas at recess and lunch times.	
Greenwith Kindergarten is located adjacent to the school. The links between the school and the kindergarten are highly valued as is the strong relationship with Golden Grove High School, where the majority of Year 7 students continue their education. We work closely with the other local schools as part of the Golden Way Partnership.	
1.2 - INTRODUCTION	
In 2015 Greenwith Primary School experienced a year of significant progress as the school and community worked together in striving to meet the needs of our students and their families. The data we collect showed improvement in a number of aspects of key learning areas as well as maintaining stable attendance, enrolment and on task behaviour results. We are aware of our challenges and opportunities for further development. We are committed to making a difference.	
We started the school year with an enrolment of 673 students working in 24 classes. Although we are a large R-7 school, we pride ourselves on ensuring every student is treated as an individual. Every student's learning, attendance and social development is closely monitored by class teachers and the line manager of each subschool.	
I would like to thank the staff, students and parents who have worked relentlessly throughout 2015 in making our school a quality learning institution and a proud member of the South Australian public school system. Greenwith Primary School is a wonderful place to work and learn. I have been privileged to lead the school for the last 8 years and look forward to 2016 with optimism and enthusiasm. We have significant plans in place to make our school more connected, responsive and committed to our improvement agenda.	
Rick Bernallack Principal	

Brighton primary school annual report. Primary school annual report 2021. Primary school annual report by principal. Primary school annual report 2020. Nedlands primary school annual report. Grange primary school annual report. Primary school annual report template. Primary school annual report to parents.

In East Palo Alto, our school has grown by one degree every year since we opened our doors in 2016. His curriculum is rooted in the Socratic Teaching method, underlining the debate and critical thinking also (or above all) When I contradict the teacher. Below, you will find our plans for the 2020-2021 school year. In the autumn, we used the measuring tools and measuring tools of Lena Grow in our preschool classes to obtain a deeper understanding of the progress of each student in the development of language. We are combining private funding à € à € à € and public to build a model that one day can be replicated in public systems. Building deep and confidence relationships with and between parents is at the center of parents' well-being coaching. We are lucky to have the main investment during the Chan Zuckerberg initiative. There are also many clubs. Vanguard High School for Texas High School, this in Houston, Carnegie Vanguard, boasts a 100 % advanced pass rate (AP). Now I say: à € à, ~ èeokay come and sit with me, you will show you are all the websites I know, where to find accommodation, [and] how to apply. Services of Wu Yee Children, family defender, are collaborating with Sesame Workshop to develop a early childhood curriculum that builds linguistic skills and early literacy by incorporating the critical skills of social emotional learning (Sel). In autumn, we will continue to support families remotely with the planning of the well-being of parents and the educational resources of early childhood. Our health team has also focused on sleep, nutrition and physical activity. Share your experience or connect with potential partners. "Being a parent wellness coach during Covid-19 had his challenges and prizes. Application requirements include an admission exam, an essay, recommendations and a story of academic results. "Before families they would say:" I want to find new accommodations "and I would do everything to fill fill applications for them. We have also increased our relationships with new financing partners who are helping to transform this vision in reality. We also worked with strategic partners in early childhood to test the components of our model in different environments. Unleashed in the section> we have renewed our commitment to the equity through the organization through the public release of our anti-racism commitments. But if you have a bright child (or even you are one), they are worth the effort to enter- even if it implies the transfer outside the state. Staten Isola Technical High Schoolrant "Specialized" Specialized "State of high school by the New York Public Education Department, this school focuses on technology. These financing partners share our belief that investing at the beginning of the holistic supports can have a Remarkable impact with children, families and community. Our relationships with families and strong connections with the partners of the community have helped us to move quickly to meet the needs of students and the family. Frontiers of Innovation/Center for the Developing Child at The Harvard University, Lena Foundation Whole Child Community of Practicedman Academy, John Institute, Monument Academy, Oyler School, Rales Center and Kipp, Harmony, Woniko School this year, we grew up to offer in preschool ETH to the second degree. Candidates require a Recommendation for teachers, transcriptions and universal evaluation scores. I love a panel discussion with our partners at the Little Blue House, where we manage our Christmas program, to explore how coordinated services could help more children in East Palo Alto prepare for the nursery school and kindergarten. To register, the candidates must pass the exam of cognitive qualifying skills with a qualifying score and have an acceptable GPA in the last two semesters. The magnet school of design and architecture design has a magnet school focused on design has an economically diversified student body. We talked to the new social emotional learning coach of Wu Yee at his work. Noi A very special guest visit our school and meet our students to find out more about our collaboration with Sesame Workshop and The Chan Zuckerberg Initiative. Located in the ecological city of Alessandria, in Virginia, Thsst covers a variety of topics, including artificial intelligence, quantum mechanics and marine biology. Refreshly, something like 40 percent of those registered come from disadvantaged wallpapers. To start, our leaders engaged in a withdrawal of the whole day focused on diversity, equity and inclusion; We presented a public comment to speak against the Trump administration proposal to significantly limit the protections for asylum seekers; And we acted on the recommendation of some of our colleagues to cover DACA renewal costs for our employees. I was regularly struck by how lucky I am to work alongside a team so strong and tenacious of parents and staff during this very uncertain time, and I am honored to be able to include some of their voices in our annual relationship. We know that Covid-19 continues to discover new challenges and inequalities in the months to come. I'm just grateful to be able to talk to my friends. 98%of kindergarten through second grade students participated and participated in the remote learning platform 97%of children in preschool Età participated in at least one live session with their classmates 2,600 visions per week are States generated on our remote YouTube 100+post learning channel were carried out by the second pupils in the first week on the Alicia platform, one of our founding parents, shares the way it has balanced in support of its two children with remote learning and a regular job, while going forward on his goal of opening a Activities on board. The disproportionate balance of Covid-19 on people of color and the unstoppable violence against blacks has renewed our commitment to fight for more and equitable results for children and families in our community and through through The face of converging crisis, parents, teachers, parents of parents, health workers, mental health specialists, early childhood educators, community partners and many others have spoken and presented themselves for our students. The courses are based on projects and collaborative, preparing students for academic or professional research positions. Our complete team recommended to build a high impact organization, centered on the team and anti-racist. A teacher of his support says: "The socio-emotional support (in my class) has really improved this year with ASDI who takes time to enter the classroom. This program of the program has the double advantage of providing high services quality to children and their families and to test our approach with a new model of health care supply which is one of the few examples of the country of a fully integrated health system. He started with remote coaching and support for parent wellness. When a student showed some concerns for mental health, his teacher, parents and parents' coach collaborated with our integrated school nursing and the special education team for access mental health services and develop a personalized learning plan. Together, we are building a model that has a real and tangible impact in our Comu Local nits, while we have components of that model with other partners to open the road to the impact on a larger scale. Work, we will continue to exploit significant public funding, pursuing new flows of public funding and supporting further public funding for early childhood programs of high quality, parents' support and more. There is also an emphasis on professional training The shadow and the internships.downtington s.t.e.m. Academystem stands for science, technology, engineering and mathematics - the focalis of this world school of international matrity in Downtington, Pennsylvania. Our ours And Chief Design Officer Meredith Liu shares his reflections on remote learning at the end of last year and how we plan to face the learning challenges of Covidia this year. This year we will be concentrated on our three strategic priorities, leaning on our deep relationships with families, our computer philosophy and trauma and our staff and resilient communities, innovative to navigate in an unpredictable Covid-1 environment. Candidates are selected by the lottery. The preparatory institutions of Stanton College often appear among the top 10 schools in America and also for a good reason: they must satisfy world-class standards. Our integrated school nurse, Sandra Nova, who also works at the Ravense Family Health Center (our Core Partner Clinic in East Palo Alto), has worked in all teams to manage over 60 cases of students with complex needs this yearIf she does not find the floor for this, she continues to try it until she gets her. à, ~ 95 Children participated in the birth in three programs that 100%of children were subjected to screening for delays in the development of 94%of the parents followed when referred to special services 70+, other names were used on average From the children at the end of our Bridge to Fleechool program, we hosted small groups of children of two and three years with linguistic delays identified to help them develop important linguistic qualities and prepare for success in kindergarten. Switch to the section> The development of early childhood is a fundamental piece of our program. As we make critical investments to build our program and partnerships, we have cultivated our relationships with new financing partners. With the new challenges presented by Covid-19, we doubled the commitment to deliver excellence in East Palo Alto. This year we identified three strategic priorities that would have guided our next growth phase. And in the face of very real challenges, the parents have drawn their resilience and power to support themselves, their families, families, each other. However, we believe that the strong relationships we keep with students, families and others will guide us through these challenges together. We will continue to do everything that is in our power to build a community in which every child, parent and member of the staff feel safe and evaluated and where they can work, learn, live and thrive without fear. With gratitude, Courtney Garciaeore, the elementary school our first four years have concentrated intentionally on the construction of a strong peak school in East Palo Alto and working with a small number of partners. He connected the points between pediatricians, teachers and specialists and has provided further support to students and their families to follow the recommendations and browse in complex systems. It was nice to connect with families and hear how they are doing during this uncertain period and provide information on resources and supports of the community. 92%of parents reported they are probable or very likely to speak with their coach for support on their well-being of 80%of our families connected on average with the parents' well-being coaches during the shelter on the place where 850 reports have been made to the resources of the community from March adorable in June, a proud parent of a pre-channel incoming, shares that he loves to be a mother and there who learned about the care of SHe after having worked with his coach of parents. Dear friends, last year they underlined the great inequalities and racism that pervade our public systems. Each school program therefore incorporated the materials on their plan and overall remote learning program. "100% of teachers agreed the curriculum very well or extremely well in books and in reading" 94% of teachers agreed the curriculum has improved their trust in their ability to teach Sel "I am seeing an in-depth analysis and enrichment of teachers' beliefs for what children children Doing and greater defense of teachers for clé who believe that children should have access. Plan models of remote and on site programs and guarantee a safe and healthy campus once we are able to return to complete learning, on site continues to guide the well-being of academic, socio-emotional and health support parents and lift the item of parents and the focus of power on the promptness tools of virtual nursery schools and engage in iterative design sprints to respond to the family needs of our partnership with permanent Kaiser and our consultants for parents to move to our nursery schools in Età preschool 2021 to shake the learning resources in a rowing resources with other schools and programs of early childhood that work with the pilot core partners our bridge for the nursery school, the program of parents and the curriculum of the Sesamo seminary in new environments learning recruit and support a diversified, innovative and excellent team to drive A significant impact on anti-racism commitments, developing a new written philanthropy, multi-year beyond the investments in the course of Czi to finance our growth volunteer with us to support our students in East Palo Alto. Ardti, Kirkwood's Sel coach, is a clinician with a background in the therapy of the dance movement. "I discovered over the years that the language used in school and in the medical homes can be very different. We plan to open the nursery school in person in autumn 2021. for" 45 parents and students enrolled "à € 20 reports of vital service suppliedà € à € 89% of the students completed on the development "50% of the families participated in the design of the autumn program is àvelop" I am excited that the elementary school is putting together a program for And children to make them learn and, hopefully, to maintain our mental health and overall physical health in the best best possible period in this refuge period. "À € à, ~" Erika Navarez, member of the Mother Consulting Group in Hayward in our second year of partnership with Wu Yee Yee Services, the largest provider of Head Start from San Francisco, have expanded our mental health driver at more levels to a second site of the Wu Yee program. The top 10 high schools in the United States are some of the most exclusive. But his various curriculum also includes humanistic arts and disciplines, as well as sport. Candidates (with teachers' recommendations) are required to undertake preparation courses, present an essay and participate in an interview with the Academy. International Academy, the International Maturità School (IB), Michigan International Academy focuses on English, the arts, humanit, education and a second language in addition to the STEM subjects. This year we continued to offer complete and whole maintenance for the small ones. We are grateful to new individuals and foundations that have invested in our work during this first year of our strategic plan together with the anchoring commitment of the Chan Zuckerberg Initiative. "Because of the elementary school), my daughter is taking much about more, he is putting three words together, he is making sentences. I think it is due to the units of Sesame." Francis Manoli, didactic coach, partnership line of the partnership of the Public preparation sesame that we worked with the services of Wu Yee Children to create a support system based on mental health team. Ità € à € ~" S Much Clearer to Me What I Should Do To Support A Child.à € à € À We Also Supported The Wu Yee Team As they Redesigned Their Family Advocate Role, Sharing Oure Practices and Principles in Parent Wellness Coaching Through Focus Groups, Observations, and shadow staff. Cié is largely due to the strong relationships we keep with the students and the perseverance of teachers, the staff of the school administration and the coaches of the parents who have ensured that the families had access WiFi and devices, to parents trained to use remote learning tools, shared enrichment activities, and I found innovative ways to maintain a sense of community with students. For nutrition, nutrition, He has published a community book of the community, has launched a weekly distribution of fresh fruit and vegetables and has strengthened relations with local nutritional partners. We will continue to exploit other public resources by collaborating with existing systems and looking for opportunities to align and integrate the services (not duplicated). He shares a campus with the Rincon High School, where university high school students can attend extra lessons. Students are also required to complete 80 hours of service to the community. Liberal Arts and Science Academy High Schoolthis Austin, Texas Institution attracts some of the most advanced students in the area. The continuous violence against American blacks and color people led us to commit ourselves to specific and impossible steps to become an anti-racist organization. Despite the challenges and bumps along the way, we have seen a high level of students' involvement, in particular with our nursery school through second grade students. Several family supporters reported how they moved their approach to work with their parents; Instead of carrying out homework on behalf of parents, family supporters are now encouraging parents to take responsibility for their goals and learning through the process, which in turn leads to a greater ability to access resources on the future. . We will host our first institute for the family ever in autumn to strengthen their new approach to collaboration and the construction of relationships with parents. Support our students and families "by investing in our direct service programs or financing research and development. Jump to the section> we took our first great steps to extend the impact and learning beyond the East Palo Alto through our partnership with Permanent in Hayward. We are already starting to access public funding through our nursery and nutritional school programs in East Palo Alto. This Blue Ribbon School of Excellence in Jacksonville, Florida, boasts a degree rate degree Percent. University High School University High School of Tucson, Arizona, is specifically oriented to prepare students for college. We rotated not only the lessons, but our whole program and the whole family by remote, including our work with parents and our young people. Candidates are required to present sketch or wallets books and successfully complete an audition. - regardless of their desired specialism. Gilbert classic academy "Academy" which supports the original meaning of that word. We know that they request an action - not only the words - that make these commitments real. Read this blog post for the results and to listen to one of the parents who participated. When Covid-19 hit, the Sesame Workshop team converted the PDF curriculum that can be downloaded together with Sel and family supports improved for remote learning. Period. Like all the schools of the Bay Area, we moved to remote learning to Metà March, launching a remote learning YouTube channel and transloco lessons from Wadaw, an online learning platform. Because of these relationships, we continued to see very high frequency rates in our monthly parents of parents and positive feedback on our coaching team, which contribute to a greater resilience of parents in the face of challenges. Of course, this year he presented a challenge that no one was prepared for: Not only to help them learn, but to help them feel safe in a world that does not always feel safe, especially at this moment. We are very grateful to the individuals and the bases that have joined us in this work. After the killings of George Floyd, Breonna Taylor and Ahmaud Arbury, our teachers produced this solidarity video to say that the life of our students is important. That goes without saying. Our director of the parent program, Valentina Hello-Villegas, and the co-founder, Meredith Liu, wrote this article on Edsurge on how schools can support the well-being of parents together with the well-being of minors during during More information from QuestionsAnswered.net are creating a new school model that brings together all adults in a child's life, including parents, educators and mental health and mental health suppliers, starting from children. Prompts groups in preschool Età, social emotional learning groups, language development sessions and projections and remnants of development delay to support services are all key factors to set children for success at school. "It makes me feel a little grateful in this world, I am not able to go face to face, but at least I can talk to my friends on the computer, on the phone or on the iPad. To sleep, we have developed a collection of audiobooks to promote sleep hygiene and underline the importance of modeling healthy practices at home and school. When the success of Covid-19, our team has found several innovative ways to continue supporting health and well-being from a distance : Sandra contributed to answering questions about the pandemic and facilitated the tests for the worried families of the Ravenswood Family Health Center and other sites; Jordan Magold, our behavioral health director, and Jenn Torres, our parents' well-being coach, They launched a podcast to discuss ways to manage stress during Covid-19; a number of staff members and parents went on to host weekly sessions with me on zo OM, leading Zumba, dance and other fun exercises lessons; And several staff members have shared cooking, yoga and exercise videos on our remote learning YouTube channel. Having someone who "speaks", both languages can help facilitate communication. "100%of students completed their immunizations 97%of all students completed an annual visit 92%of the students of the students were enrolled in our virtual program for the virtual dental house 66 cases of students were managed by our integrated school nurse that we have collaborated with a light pilot to share easy and nutritious recipes so that families could try them at home. For the Black History Month, we asked the staff and parents to do it As our school values of excellence, courage, community, growth and soul reflections in the black heritage and in the community see. The crossing of the crossing of the mental, physical and emotional health of our students and parents is always fundamental for what we do, but this year it has really brought that commitment to the foreground. This version of the curriculum reflects the results of our training and participatory research in progress. More information on Lena's blog. During the 2019-2020 school year, we continued to use each of the two levels of the curriculum in our school in East Palo Alto and we piloted it in four new school sites: three at The Public Prep Network and one in FirstStepnyc. But an endowed or talent identification may be sufficient. Thomas Jefferson High School for Science and Technology for any child trying to excel in a STEM field, there is really not the best high school in America, reports the best school site. Karla shares how her and her family faced the challenges of Covid-19 and how her parent coach of her helped her support her during this turbulent period. Our goal is that children and families more affected by systemic poverty and racism receive the support that deserve to feel good, learn and thrive. Our parents of parents' well-being coaches called parents every week to check-in and help families connect to concrete resources. At the beginning of 2020, we were proud to start programming in Hayward in collaboration with Kiser Permanent, parents and Community Hayward. In this video (looks above), Valuett, one of our students and her sister show how to prepare a banana chocolate smoothie. Smoothie.
