Softonic ReviewGangstar Vegas is an exciting action game set in the streets of Sin City. It is the fourth in Gameloft's GTA-style open-world game series and the largest in the series so far. Sin City Thrills In Gangstar Vegas, you play as a bounty hunter who must anger a mob boss and save his life before he can search. to get your own back. It's ancient history, and the way the story unfolds in Gangstar Vegas is hardly original. The main character's personality seems a bit wooden, and the script is quite cliched (although some of the characters that appear are very funny). But that doesn't mean Gangstar Vegas isn't fun - quite the opposite. The game world in Gangstar Vegas is huge - nine times bigger than in the previous Gangstar Rio game. There are a total of 80 different missions that vary greatly in terms of gameplay, from fighting for prizes to chasing down villains on foot and even participating in street races. PRESSmany challenges in Gangstar Vegas where you can compete with others on online leaderboards. The fast-paced game mode in Gangstar Vegas allows you to participate in unique challenges such as heists, brawls, survival and time attacks. Being able to dive right into the game and play it this way is great, especially if you've been out of the game for a while and want to brush up on your skills before returning to the main story. The Vegas setting is fun, whether it's chasing bad guys down the Strip at high speeds or playing blackjack in the casino to win more money. As you play, you'll realize how much Gangstar Vegas has to discover and how detailed the game world is. a flamethrower and a baseball bat. The store also lets you change your look with new clothes, hairstyles or even a squirrel mask! Of course, you can also buy vehicles, and the selection is very diverse, including everything from mopeds and trials bikes to monster trucks and tanks. Into the Streets Controls in Gangstar Vegas are largely the same as in previous versions of the game. You walk around the screen using a directional pad, and there are action buttons for running, shooting and interacting with objects. based management. The cool thing is that you can define different steering systems for cars and bikes, so you can use arrow-based steering for cars and tilt-based steering for bikes if you want. There is a ubiquitous city map that shows where the missions are and displays various points of interest. Overall, Gangstar Vegas lets you jump right into a mission without having to travel to your starting point, which is handy. A minimap in the corner of the screen shows your current location. Gangstar Vegas graphics areis good and competes with mobile versions of GTA III or Vice City. The city of Las Vegas is brought to life with an incredible level of detail and really pulls you into the story. The animation is great too, and the accurate ragdoll effects make the stunts a real treat. Graphical glitches do happen from time to time, like most major games like this one, but not enough to spoil the overall experience. The characters look good, although the voice acting is rather weak in places. Be aware that the dialogue contains profanity and adult topics, so Gangstar Vegas is definitely not suitable for children and is rated accordingly. Like GTA, Gangstar Vegas has a car radio, and the station's line-up seems to have been heavily influenced by the Rockstar game series. However, there are high-quality licensed tracks that suit everyone. Gangstar Vegas borrowed so much from Grand Theft Auto that you'd forget it's a completely different gaming franchise. That's certainly not bad, and Gangstar Vegas is so big and deep that you'd be hard-pressed to find a better mobile sandbox game, including GTA. The mobile game Gangstar Vegas is an amazing story full of all sorts of adventures, where the player has to promote the entire Las Vegas of America! This app has everything you need, from a well-thought-out storyline to many varied missions and many special characters. The game was created by the creators of Gangstar Vegas taking into account the new HAVOK, which allows the hero to perform tricks of varying difficulty. In addition to this, the user will be able to participate in various races, battles, fights and even fights without any rules. It's also worth noting that Control is a character with a pretty bad reputation. Therefore, various types of weapons will certainly come in handy, namely pistols, machine guns, etc. In addition, the game has various cars as well as aircraft. Page 2 Gangstar Vegas is an open world mafia game.The player follows Jason as he escapes from Frank. You are free to choose your experience in this huge world and you will surely find many games and events to participate in. At the same time, you can also take part in group battles to measure yourself with your weapons against other players. JOIN AN AMAZING MIND CONTROL EVENT The new version of Gangstar Vegas offers an event that every player will enjoy for its interesting mind control gameplay. The objective in this mode is quite simple - you use a vehicle capable of controlling the minds of others and start killing marked enemies that you can easily spot. So you will use tactics to defeat them and get some impressive rewards in this event. The game has prepared a special vehicle for you, which you can use to control the minds of various characters in the game. What you have to pay attention to in this game is that you have to choose the right characters to defeat the enemies. At the same time, most of the time you will choose the targets that you need to destroy, since they have weapons and quickly destroy other enemies. In addition, you can also aim at everyone you see and keep the controlled character away from your car. JASON ESCAPE The story experienced by Gangstar Vegas players revolves around Jason, an MMA athlete. Everything was going well until crime boss Don Frank Veliano appeared in front of Jason and asked for a favor. In particular, you are forced to fake your opponent's defeat in their next match. Of course, under the influence of the crime boss, Jason followed in his footsteps, but things didn't go the way he had imagined. As the two athletes fought, Jason knocked his opponent down despite being knocked down himself. The boss then gets angry and wants to punish him. They used the car to give chase and kept trying to attack him. Luckily, Karen showed up before the boss's subordinates defeated him and took him to Vera. from there,life began to change and events moved on. EXPLORE A HUGE WORLD FULL OF SECRETS If you're a fan of the blockbuster GTA series, you'll definitely find similar points in Gangstar Vegas. It is an open world where you can easily find various fun open world experiences. You can work with what you want and experience the vastness of this game. In addition, it also creates a completely different gameplay that you can choose according to your preferences. The first experience is usually associated with the open world once the environment element is fully designed. You quickly have a vehicle and can drive anywhere to satisfy your cravings. The second type of experience where you spend time completing objectives is completing missions. You will try to complete story quests to find out what happens after Jason returns to work for Montello after escaping Frank. At the same time, these missions are absolutely intense and immersive, since you can take on the mafia or try to reach said location quickly. EXCITING WEAPONS AND EVENTS NOT TO BE MISSED Aside from the core experience that you will find in Gangstar Vegas, you will also find other exciting games. You can enter places where bloodthirsty zombies are always trying to grab and attack you until you freeze. Of course, you will also be equipped with weapons to fight them. In addition, you can also join a gang and engage in gang battles with other players using the weapons you have. The number of weapons and items obtained varies greatly. You can unlock them, use them, and equip your character from any other mode. At the same time, event items always attract players' attention. A world with many interesting elements to discover, such as: You will follow MMA athlete Jason's journey of survival after problems with mafia boss Don Frank. This worldThe game is varied and extensive, where you can freely explore or continue your journey by solving story missions. In addition to the original game, there will be many other events to choose from, such as zombie survival or gang battles with other players. The number of items and weapons to buy is helpful, and some events will be increased. In the new version of the game, players will gain control over the events of the mind, and its gameplay will amaze you in the first game. play.
